

Coaching Youth Coaches

This service is aimed at parent or volunteer coaches with teams in elementary, grade school or rec organizations. It is however open to ALL coaches.

These youth coaches are in a powerful position. If they run tight practices with a focus on the game's fundamental skills, the players WILL IMPROVE. The keys are understanding which drills, what skills to build and how to reinforce these skills they develop via repetition.

Basics was founded in 2006. We have over 200 graduates playing college basketball (17 D-1). It is regarded by many as the strongest skills training anywhere.

These sessions are run by Coach Jim McGannon, D-1 at Dartmouth. Coach is the founder of Basics.
